Sir Robert Falconer,

Toronto, Ont.

Dear Sir,

I have had on my farm during the entire summer, several university students. Owing to the backwardness of the crop due to untoward weather, our busiest season is just at hand. Two of these girls, Miss F.M. Cale, and Miss H.I. Eadie, are entering second year Physics. They are willing to sacrifice their first week of college and risk a bad start for the year, but the matter of registration deters them. I am willing to pay their fare to go and return for the purpose of registering, but think it an unnecessary expenditure, both of time and money, so am asking your permission to let them register a week late, without incurring the usual fine. I assure you they are badly needed, as I am depending on them for the packing and grading of the fruit, and it would be almost impossible for me to get proficient help at this late date.

Hoping to hear from you at the earliest possible date, I am,

Yours very truly,

Hunter Bros.

John Hunter, Esq.,

Messrs. Hunter Brothers,

Grimsby East.

Dear Sir:

I am enclosing you two forms of petition which I will ask you to have Miss Cale and Miss Eadie sign. I have no doubt that their petition will be granted provided they bring from you a certificate that it was owing to the necessities of your fruit gathering on account of the backwardness of the crop that they had asked permission to be allowed late registration. I should advise them, however, to come in at the earliest moment at which you can spare them.

Yours sincerely,

President.
